Produced by Quik-Tek Software**

The Team Manager for Windows 95/NT features

- complete 32 bit functionality
- dynamic calculation and data storage
- exportable reports
- statistical evaluation
- flexible sorting
- previews of printed reports
- CD-ROM auto installation
- and more ...

VERSION 1.0

Quik-Tek Software
<http://www.r-sports.com>

The Team Manager manages team and game data to produce

- statistical reports for batting
- statistical reports for pitching
- statistical reports for fielding
- game lineups
- single team schedules.

Finally!

**A sure way to manage data and build reports
in less than 10 minutes per game!**

**Coaches, managers, and statisticians
save 60 hours for under \$60.00.**

Where can you find The Team Manager?

At sporting goods dealers of course!
